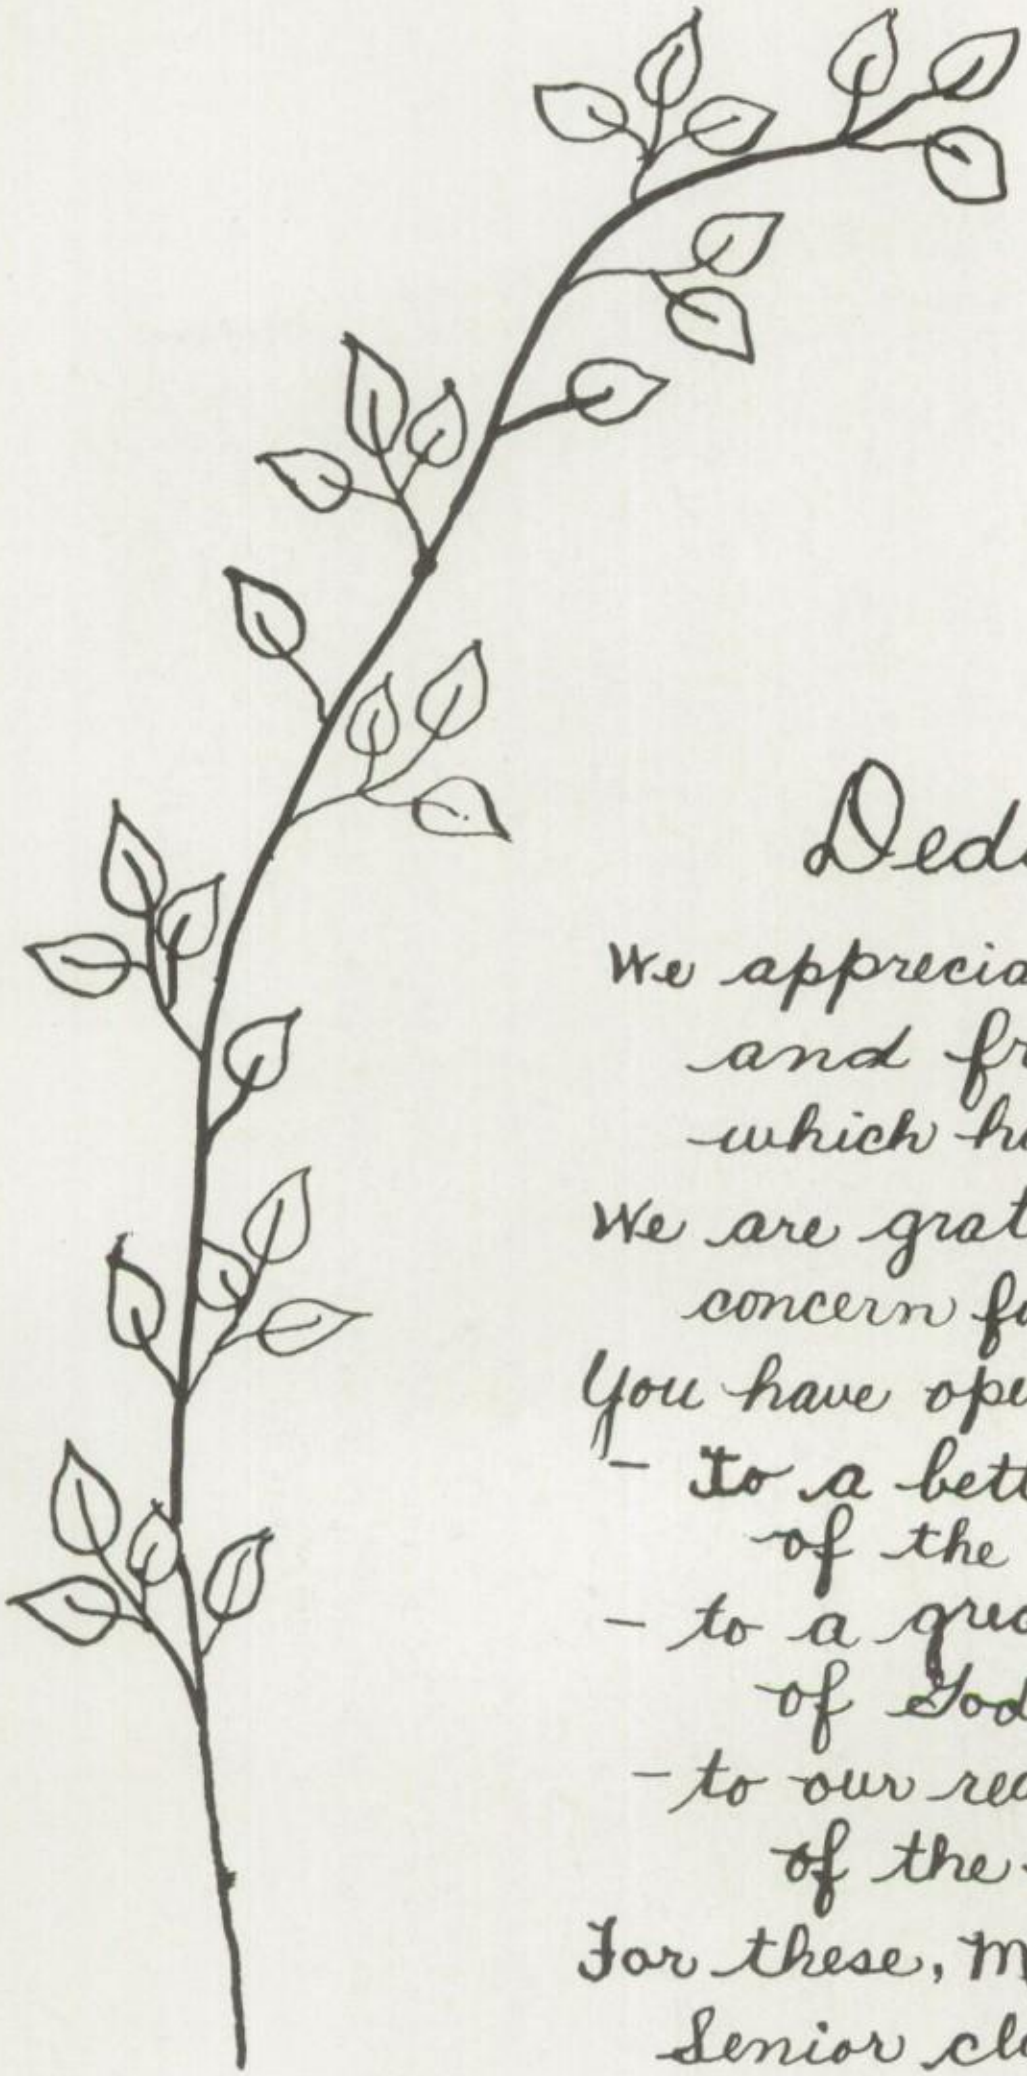
Reverie of 1960

presenting

Iowa Mennonite School

I know thy works: behold, I have set before thee an open door, and no man can shut it: for thou hast a little strength, and hast kept my word, and hast not denied my name. Revelation 3:8

An Open Door



Dedication

We appreciate your kindness
and friendly interest
which have often encouraged us.
We are grateful for your
concern for our spiritual growth.
You have opened the door for us —
- to a better understanding
of the Old Testament.
- to a greater appreciation
of God's creation.
- to our realization of the miracle
of the human mind and body.

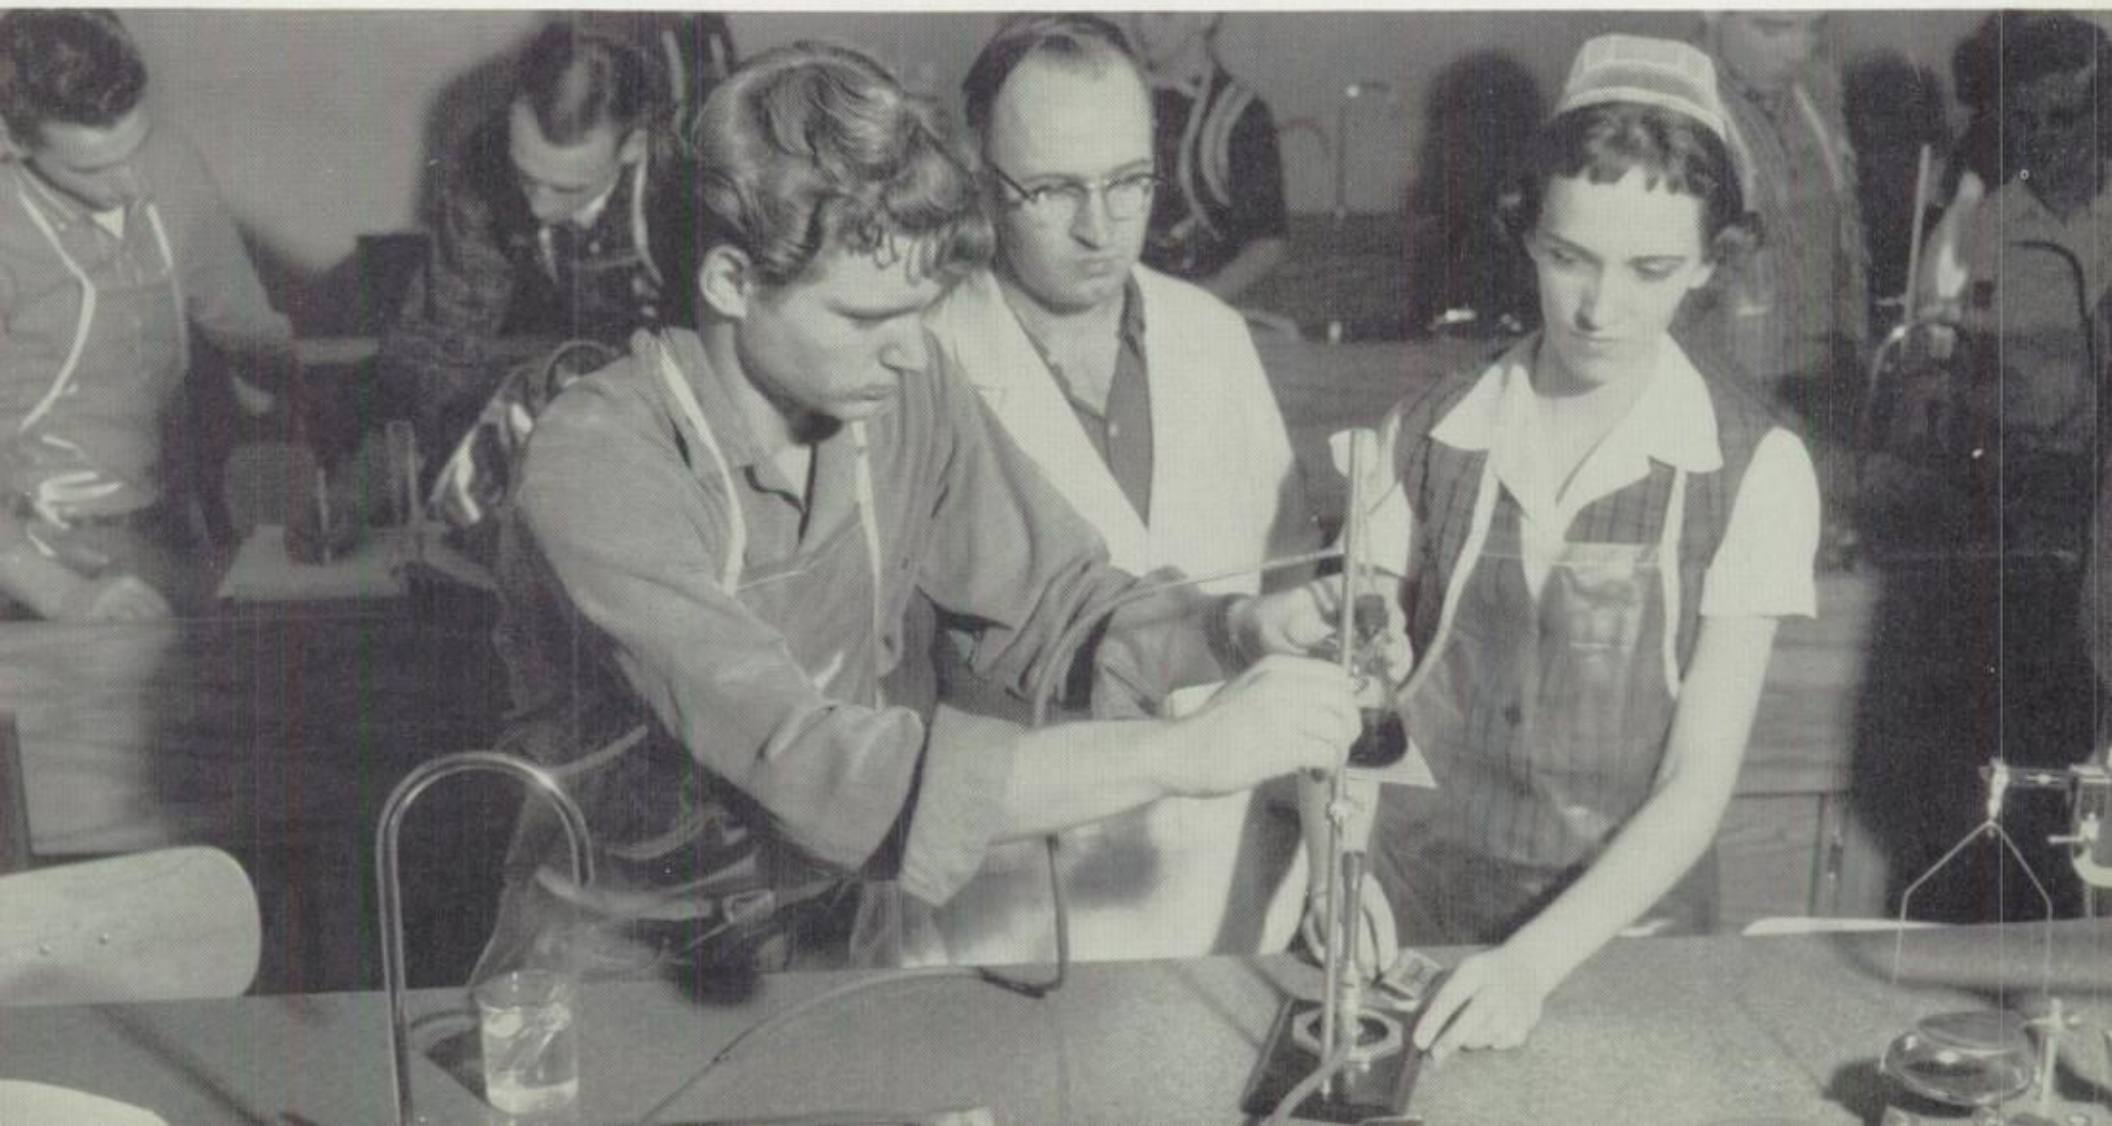
For these, Miss Yoder, we, the
Senior class of 1960, dedicate
our Reverie as an expression
of our sincere gratitude.

Before us is an open door

We enter it and find

Riches more valuable than gold.

A challenge to the mind,



The joy of having Christian friends,
Those with whom we share

Our fun, our work, our blessed times

Of fellowship in prayer.

Led by those who are led by Him,
Who are "Holding Forth the Word."

Inspired and taught, we leave these doors,
more fit to serve our Lord.

Dear Seniors:

Challenges...goals...ambitions...You have been and will continue to be conscious of them as you launch out into a life that is not so planned and routine as it has been up to high school graduation.

I congratulate you on the completion of your high school studies. May further success be yours in whatever your future undertakings may be. Some of you will become employed and others will continue your formal education.

Real success will be measured in eternal values. The glitter of all that the world can offer you grows strangely dim as you hear the Master call, "Follow Me." Remember--we are "saved to serve."

Sincerely,

Paul T. Guengerich

The student council is a formal tie between students and faculty. They discuss school problems and make decisions which lead to a better school atmosphere.

The local board makes practical decisions and works to give our school convenient and adequate facilities.

Drawing our occupations

"Whoso loveth instruction loveth knowledge." Perhaps our main aim as students is to gain knowledge. Therefore we are glad for the instruction and guidance given us by teachers who are personally interested in us.

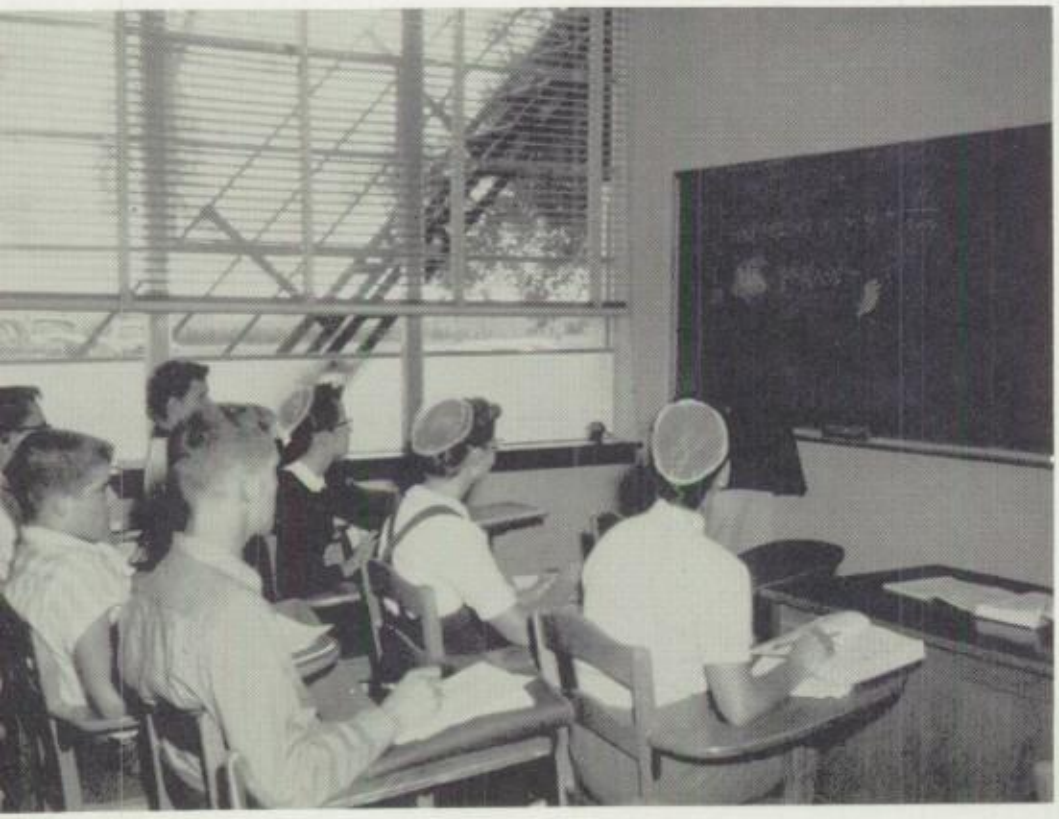
Courses in U. S. History and Government taught by John Krall help us to appreciate our nation and our democracy more.

In World History we gain a better understanding of the peoples of the world and their backgrounds.

English courses are required all four years. Emphasis is placed on learning to express ourselves and appreciate literature.

In Physics and Chemistry our knowledge of science is broadened and we become more interested in the scientific world.

In Biology class through study, projects, hikes, and even pop tests we increase our understanding of living things.



Our powers of figuring and reasoning are developed through courses in Algebra and Geometry.

Our sunny library with its shelves of volumes is both a pleasant and helpful place in which to study.

To become an expert typist you must practice for accuracy and speed. We are taught these skills in Typing class.

Boys interested in farming learn good farming methods in Agriculture class. In Industrial Arts skills in wood working are developed.

Home Economics courses are offered for four years. They help us to improve our skill in cooking, sewing, and home making.

A welcome break in a tired day is Physical Education class. This needed exercise makes our bodies strong and healthy.

As Seniors study Bible Doctrines we become better acquainted with the beliefs and needs of a Christian. In other Bible courses we study Old and New Testaments and the history of our church.

This was the first year German was offered. A good interest was shown in learning to "sprechen Deutsch."

In Music classes we learn not only the fundamentals but also how to express ourselves through singing.

In Spanish we not only learn the grammar and vocabulary, but also become familiar with the customs of the Spanish people.

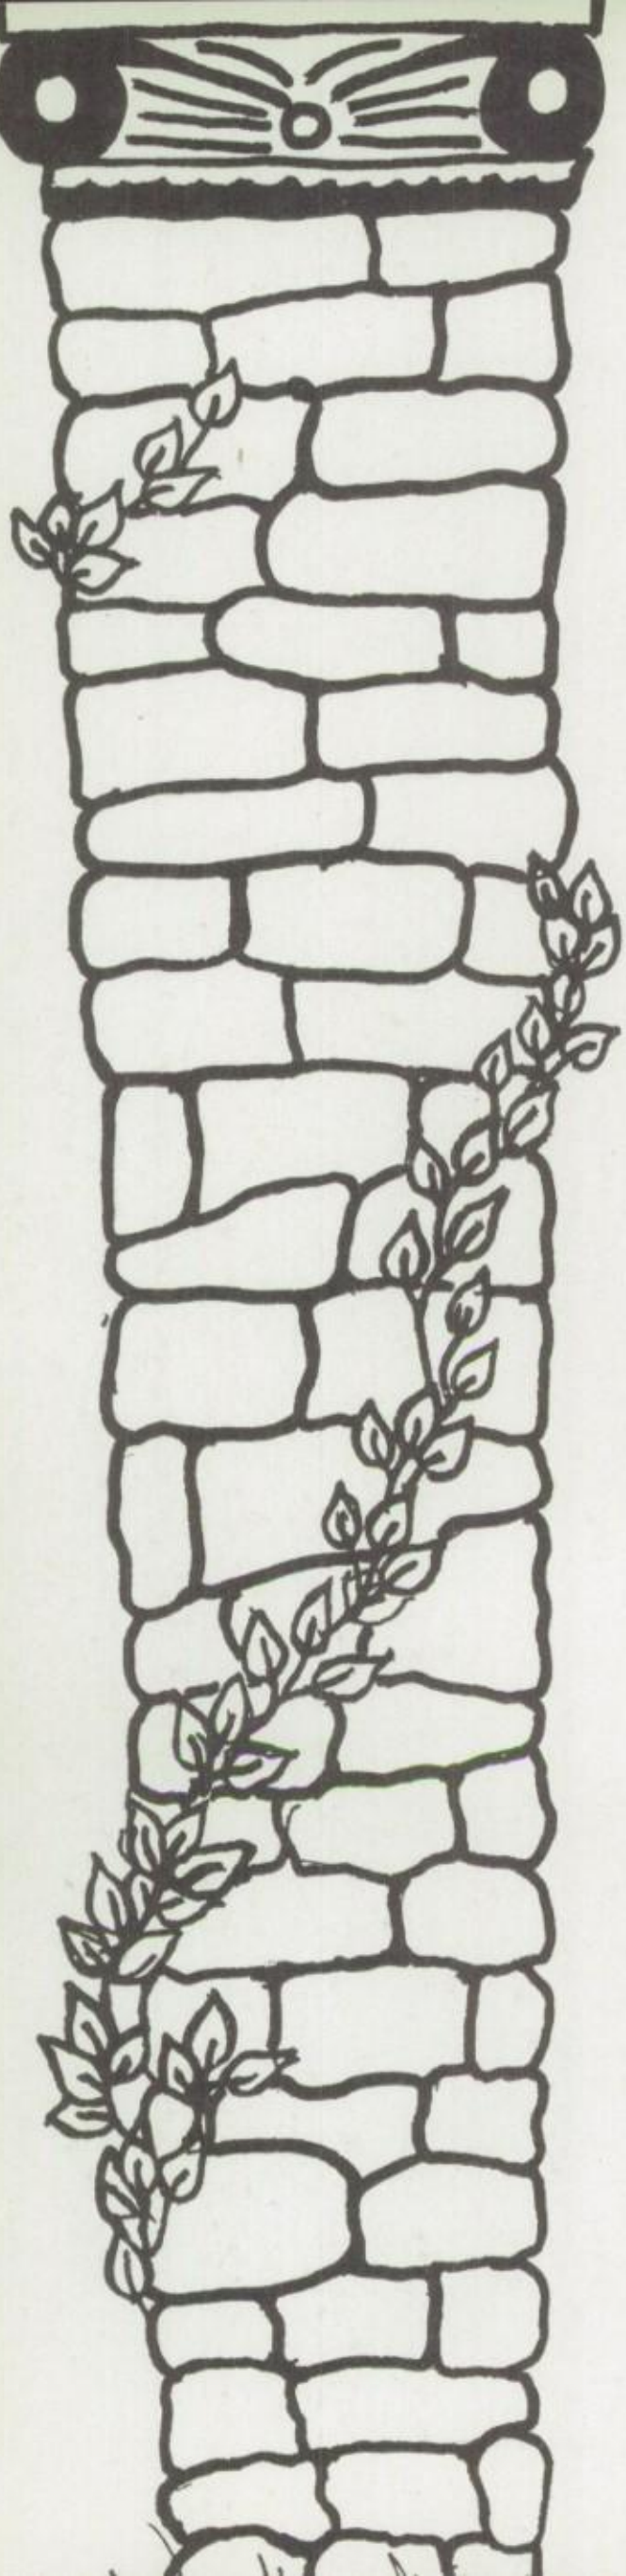
"Happy Birthday"



The Door to

Inspiration

Inspiring talks from faculty members . . . challenging sermons of visiting ministers . . . praising God in song . . . testimonies of fellow students . . . These daily chapel periods have been the source of the spiritual food we need in order to grow strong in our Christian lives.

Revival . . . the answer to many prayers, the awakening of many hearts. God revealed Himself in the messages of Eldon King. Our lives were changed and we were thrilled by joy and inner calm we now experienced.

John Hess was with us for a week filled with spiritual blessings and growth. God called us to give ourselves completely to Him. Our response was, "Oh, use me Lord, just as thou wilt."

Noon voluntary prayer meeting

Students eager to
grow in Christ
spent more time with Him. With our
friends and teachers we called upon God.
Our faith was strengthened as we
saw our prayers
being answered.

Thanksgiving banquet

Our Christmas program

The delicious Thanksgiving dinner. the joy we felt as we gave our Thanksgiving program . . caroling on the streets of Iowa City after our Christmas chorus program . . . . the chorus singing by candle light, the viewing of the film, "A Christmas Carol;" the challenge left by Miss Freys devotional in our last chapel before vacation . . . These activities made these seasons very meaningful.
